Description: Young artists will find tons of inspiration in these fun, accessible drawing books, produced in partnership with the Smithsonian Institution. Easy to follow step by step instructions show how to create awesome drawings, with next steps clearly highlighted....

Review: My son and I visited the children's museum in Indianapolis a few weekends back. While there, they had a table laid out for children to draw their own dinosaurs. An example from this book was used to show how simple it was. After my son had so much fun with this, I decided to hunt down the book on Amazon and purchase it for home. I have not been disappointed....
